

PDC90

Black impulse cooler

Product features

- Open top for easy access to products
- Sliding lids are optional
- Glass sides for better presentation of products
- Impressive storage space
- Optimized airflow for stable temperature
- Strong wheels for mobility
- Stainless steel bumper bars
- Not available in Denmark

Sliding glass lids as option

Bumper bars

Black impulse cooler (island cooler)

Medium sized black impulse cooler ideal as island cooler.

Product visibility is great - all sides are glass - plus it has a high loading line compared to many other similar units.

The PDC range is great for supermarkets, gas stations, convenience stores and cafeterias for e.g berries, fruit, vegetables, sandwiches or other take away.

It has stainless steel bumper bars as standard for protection and easy handling of the cooling unit. Moving it around on the solid castors is easy, so it can easily be moved to a different location in the store.

The design is also optimized for two units to be placed next to each other in a line, if needed.

Cooling is ventilated. Guided airflow makes an even distribution of the cooling effect.

Design and Material		Measures and Content		Power and Consumption		
Lid No & Type		Temperature Range	°C	-1 to +5	Energy Class	G
Castors	4 castors	Climate Class		3	Energy Arrow	
Exterior Finish	Plastified coated steel	Gross / Net Weight	kg	145 / 95	Energy Consumption	kWh/24h 6,78
Interior Finish	Coated steel	Gross / Net Volume	l	153 / 105	Annual Energy Consumption	kWh/year 2474,7
Lock	No	Total Display Area	m²	0,67	EEI	94,4
		Cooling and Functions				
		Type of Controller		Electronic	Input Power	W 750
		Type of Cooling		Ventilated	Voltage / Frequency	V/Hz 220-240/50
		Type of Defrost		Automatic	Noise Level	db(A) 50
		Refrigerant		R290	Dimensions	
		Refrigerant Charge	g	145	Internal Dimension (WxDxH)	mm 860 x 555 x 220
		Thermometer		Yes	External Dimension	mm 900 x 845 x 971 (WxDxH)
