Short Description

SD 1326 BE is a 2-door display refrigerator, with a full 1098 net liters of cooling space. Comes with 8 black, heavy-duty wire shelves with threads that ensure that all types of glasses, cans and bottles are stable on the shelves. The cabinet has 4 heavy-duty wheels, 2 of which have brakes, so it is always possible to move, even when it is full. The cabinet has a right hinged door with lock, so it is possible to lock the cabinet. The door closes automatically which always minimizes temperature rises. 2 vertical energy-saving LED lights in the front provide a good light and represent the goods nicely. The cabinet has Intelligent Air Circulation System, which ensures perfectly ventilated cooling throughout the cabinet. The SD 1326 BE is electronically controlled with an external digital display, so it is easy to see and adjust the temperature inside the cabinet.

Key features

- 8 adjustable coated wire shelves
