

GF200VSG

Glass Froster

Product features

- Ideal for frosting glasses (beer or shots)
- Mirror effect stainless steel interior
- Self-closing heated glass doors
- Ventilated cooling for fast pull-down and even temperature
- Adjustable shelves
- Adjustable feet
- LED interior light
- Heated self-closing glass door

Perfectly served
tapped beer in frosted
glasses

Thermostat cover

Table top freezer perfect as a glass froster. Provide ice-cold frosted glasses that help keep the beer colder.

GF200VSG-P premium tabletop freezer finished in stainless steel with glass door and a mirror finish interior. It is perfect as a glass froster. It has a good size for cooling many glasses but still compact enough to place on a table top.

The fast pull down makes sure glasses will be frosted quickly and be ready to serve. The frosted glasses help you serve beer at the perfect temperature and helps keep it cooler for longer.

There are 3 shelves, including a bottom shelf, so the glasses don't stick to the base when frozen.

For best results place the glasses rinsed and wet on the shelf. The ventilated freezing at -15°C will "frost" the glasses very fast.

We recommend using thick glass mugs for best cooling effect, but any glass may be used.

Design and Material		Measures and Content		Power and Consumption	
No. of Doors	1	Temperature Range °C	-15 to -2	Energy Consumption kWh/24h	2,5
Door No & Type	1 heated hinged glass door	Climate Class	4	Annual Energy Consumption kWh/year	913
